and lodgings. Cheaper rooms or more expensive can be got outside. The Session covers about 30 weeks so that the total cost for the Session for board and lodgings should be about \$175. The standard of entrance is Junior Matriculation with a Pass standing in Mathematics of Honour Matriculation, that is to say there is a higher standard in Mathematics than the ordinary Pass Junior Matriculation.

I am sending you a Calendar of the Faculty of Applied Science in which I hope you will find all the information you require. I should be glad to supplement my letter with any further information which you desire.

Yours sincerely,

President.

Toronto, August 9th, 1913.

Halifax, N.S.

My dear Sir,-

I have just received your letter enquiring as to the expense of a Course in Engineering in the University of Toronto and general conditions of entrance. The Courses in engineering cover four years, the fees for which are \$100. in the first year, \$110. in the second, \$120. in the third and \$120. in the fourth, in all \$450. for instruction. There is also a Matriculation fee for registration of Matriculation \$5. and the fee for the degree of Bachelor of Applied Science \$10., together with an annual deposit of \$2. for breakages, and of \$1. for membership in the Engineering Society. The expense for board and lodgings differs according to the rooms that a student chooses. In the University Dining Hall we provide 21 meals for \$3.25. Those who have rooms in the University Residence, which are limited in number, pay \$2.50 a week for their room, that is in all \$5.75 a week for board
